## REGISTRATION OF PARTICIPANTS

There is no registration fee for the Forum participants. Participation in the Forum is free of charge.  
Pre-registration of in-person participants is until **15 November 2026**  
Form of participation: in-person reports with Internet broadcast  
The working languages of the Forum are Russian and English.

## ADVANCED TRAINING FOR FORUM PARTICIPANTS

**For participants from the Republic of Belarus:** In-person and remote Forum participants will receive a Certificate indicating the number of hours of professional training. The number of hours for each category of participant will be determined in accordance with the Order of the Ministry of Health of the Republic of Belarus.

**Registration of participants and information about the Forum on the websites:**  
<https://ipoeasid.ru/> and <https://mymmed.com/>

**For participants from Russia:** accreditation of the Forum's online broadcast is planned with the Coordinating Council for the Development of Continuous Medical and Pharmaceutical Education of the Russian Ministry of Health.

## ABSTRACTS

Abstracts are accepted for consideration **only from speakers**. The publication is free. Deadline for submitting abstracts – **until 15 September 2026**.

Abstracts should be sent only **by e-mail: forum.infection2026@gmail.com** as an attached file executed in the Word text editor.

Please indicate "abstracts" in the "Subject" field.

Please include a contact phone number and email address!

After submitting your materials, please ensure that the Forum Organizing Committee confirms receipt of your message (confirmation will be sent to the email address you provided).

### **Abstract execution rules:**

- Page parameters: A4 210x297 mm
- Volume: no more than 1 page
- Page margins: all 2.5 cm wide
- Font: Times New Roman
- Font size: 12 points
- Line spacing: single

The following is indicated: surname and initials of the author (in lowercase letters – I.I. Ivanov); title (in capital letters – VIRAL HEPATITIS); institution (in lowercase letters – Municipal Outpatient Hospital No. 2), city (in lowercase letters – Minsk), country (in lowercase letters – Belarus).

### **Illustrations, tables, and formulas are not accepted.**

Abstracts that, according to the Scientific Committee, do not represent scientific value, do not correspond to the subject of the Forum, or are designed in violation of the rules, are not accepted for publication.

Attention! All abstracts are checked for ANTI-PLAGIARISM. Submitted materials should not have been previously published in other collections.

## REPORTS

Deadline for submitting applications for reports – **until 05 September 2026**.

Applications for oral and poster reports should be sent to the Organizing Committee by email at **forum.infection2026@gmail.com** with the subject line "application for report".

The application for an oral report implies only IN-PERSON participation!!! Online reports are possible for foreign participants.

Your application will be reviewed by the Scientific Committee, and you will be notified of the decision **by 15 October 2026** at the email address you provided.

The Organizing Committee reserves the right to refuse to include an oral report in the scientific programme or suggest making a poster report instead of an oral one.

After confirming the inclusion of the poster report in the scientific programme of the Forum, the finished work shall be submitted to the Organizing Committee **by 1 November 2026**.

The Poster Session will be held interactively. Poster reports shall be designed as an mp4 video presentation.

### **Poster report requirements:**

1. Mp4 video file.
2. Running time – no more than 3 minutes.
3. Audio commentary of each slide shown.

Stages of preparing a poster report: create a presentation, record audio comments to slides, save (convert) the presentation in mp4 format.

Recommendations for preparing a video presentation:

1. Power Point programme (or other programmes for creating presentations).
2. Background of the slides – white; text font – black. Size of the slides – 16:9 widescreen.
3. In the design, use tables, graphs, photos, images, diagrams, and other visual means of transmitting information.
4. Record text information as explanations for slides on the audio accompaniment to the presentation.
5. After recording the audio comments to the slides, check the sound playback quality: volume, absence of noise interference.
